Hey Lee:

I'm down in the EOC right now helping out with Situation Unit. I'll forward an email that Mindy just sent to Sarah with an update. Sounds like our regional systems (State and Tribal) are ok as far as DW/WW goes. I'm planning to come in tomorrow to help out again in the EOC if they need it. Thanks!

Animas River fouled by 1 million gallons of contaminated mine water

Happened yesterday. Drinking water not impacted – as we know for now.
